MIKADO

UNIVERSAL TOWEL HOLDER

Mikado is a universal towel holder with unlimited possibilities. The natural appearance of the Mikado and the serene simplicity of its design radiate a feeling of rest and wellness in every room. The most striking aspect is the slender wooden stick inspired by the game of the same name. The sticks are made of maple, oak or walnut.

LENGTH 55

LENGTH 85

MIX AND MATCH

USE YOUR IMAGINATION

The brackets are made of extruded aluminium and are available in four finishes: satin-matt lacquered white, anodized aluminium natural colour, and brushed stainless steel look or chrome. These are available in three different lengths. So, we offer the optimal distance between towel rail and wall or radiator in all situations.

The Mikado wooden stick is available in two lengths and in maple, oak or walnut. For the length 55 cm option, a single wall bracket is sufficient. It can be placed in any desired position, both at the end and in the middle of the stick. **For the stick of length 85 cm, two wall brackets are required.**
